PROFILE SUMMARY

Aspiring Web Developer with skills in HTML, CSS, JavaScript, and Python. I am looking for an internship where I can grow my web development and problem-solving skills. Currently interning at Pillar Digital, focusing on web content management and supporting digital projects.

EDUCATION

2020 - 2023
SMP PGRI 10 CANDI SIDOARJO

2023 - NOW
SMK PGRI 2 SIDOARJO

- Software Engineering

EXPERIENCE

Pillar Digital 2025 - PRESENT
Digital Marketing Intern

- Assisted in managing and updating company websites using WordPress.
- Created and optimized content for web and social media platforms (Instagram, Facebook).
- Supported the digital marketing team with basic website maintenance and design tasks.

SKILLS

- HTML
- CSS
- JAVASCRIPT
- PYTHON
- SQL
- UI/UX
- Artificial Intelligence

LKS SIDOARJO 2025 - 2029
Participant - LKS Artificial Intelligence Competition

- Represented SMK PGRI 2 Sidoarjo in a regional-level AI competition. Developed machine learning models to solve real-world problems using Python and data analysis techniques. Gained hands-on experience in data preprocessing, model training, and evaluation. Improved skills in critical thinking, time management, and working under pressure to meet tight deadlines.

LANGUAGES

- English: Intermediate
- Indonesia: Fluent
- Japanese: Intermediate

PROJECTS

Sentiment Analysis Web App (Prototype) 2024 - 2025

Created a simple web application that performs sentiment analysis using a trained machine learning model. Implemented the model backend with Python and Flask, and deployed a basic front end using HTML, CSS, and JavaScript for user interaction.
